Dear Parents,

I have updated the parent survey and ask that you provide responses to the [updated survey](#) for each child you have enrolled in Thomaston Public Schools (even if you participated in the original survey). The information collected in this updated survey will assist with the reopening of schools in August 2020.

*NOTE: The Connecticut State Department of Education (CSDE) has given districts a deadline of July 24, 2020 to submit their reopening plans. Since some of the promised CSDE and Department of Public Health protocols and guidelines are still not available, district reopening plans will be submitted by the requisite deadline but will need to be fleshed out further once these missing protocols/guidelines are published. Parents will receive updates on the Thomaston Public Schools Reopening Plan as these protocols/guidelines are received.*

Thank you for your time and effort in providing the district with key data on your child's return to school in August 2020.

Sincerely,

Francine Coss

Superintendent of Schools
