Discussions: A staff member at Black Rock School has tested positive for COVID-19. This staff member presented symptoms before the first day of school and self-quarantined while waiting for the COVID-19 test results. This staff member received the test results on Saturday, September 5th and will continue to isolate until otherwise directed by the Torrington Health District. This staff member had no contact with students. This staff member came in close contact with two staff members at Black Rock School.
