Alcohol, Drugs and Tobacco (continued)

The Board is also concerned that other substances, not listed as “controlled substances,” such as contained in common household items and inhalants, if purposely used inappropriately, can also have a stimulant, depressant or hallucinogenic effect on students. Inappropriate use, possession, sale or distribution of these non-controlled substances will result in disciplinary action, including but not limited to, suspension and/or expulsion. Further, grade level appropriate education pertaining to proper use of these materials and the danger of abuse shall be presented.

Illegal Activities

Use, possession, sale or distribution of drugs, including prescription drugs, drug paraphernalia and/or alcoholic beverages in violation of state law or Board of Education policy is prohibited at any time on school premises or at any school-sponsored activity. If a student is under the influence of a drug or alcohol, or engaged in the illegal activity of possessing or selling drugs and/or alcohol, the police will be notified, his/her parent(s)/guardian will be contacted, he/she will be suspended from school, referred to a Student Support Team, and considered for expulsion. In cases of the illegal activity of possessing or selling drugs or alcohol, students will be referred to the appropriate law enforcement authorities. If a student is arrested and is awaiting trial for possession of, or possession of with intent to sell drugs in or on school property or at a school-sponsored event, the student will not be allowed to attend school without the permission of the Superintendent, per the guidelines set forth in Policy #[5114](#).
