Soaring into Success Summer Passport

Entering 2nd Grade

This passport belongs to:

Entering ____ Grade

Date of Issue: 14 JUN 2023

Date of Expiration: 29 AUG 2023

Thomaston Summer Passport

Welcome to the Thomaston Summer Passport! Your math and reading adventures around town await!

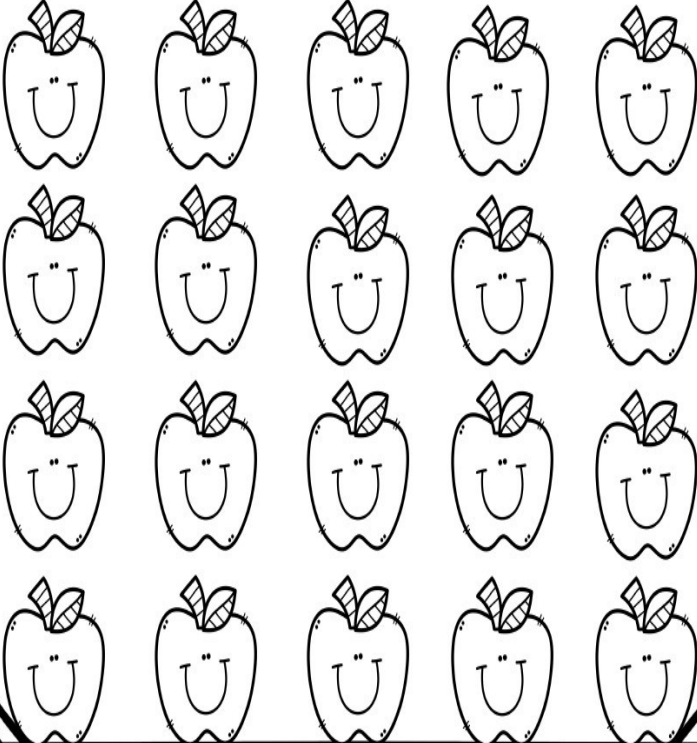

1. Work together with an adult, peer, independently to solve the problems and complete the tasks.
2. Record your thinking and solution in the space provided in this Passport.
3. If you are able to visit the passport location, you will receive a stamp for completing your work. You will also be able to see and read the book for that location.

Students who complete the entire Passport will receive special recognition!

At the end of the day, there were 5 chocolate cupcakes left in the case at Cutie Pies. There were also some funfetti cupcakes leftover. If there were a total of 11 cupcakes leftover, how many funfetti cupcakes were there in the case?

Draw:

Show on the number line:

Show in the ten frames:

Complete the number bond:

Complete the equation:

$$5 + \underline{\quad} = 11$$

The Thomaston Police Department received 4 calls before lunch. At the end of the day they had received 18 calls. How many calls did they receive after lunch?

Equation:

1.) Some apples were in the tree. 6 apples were on the ground. There are 12 apples. How many apples were in the tree?

2.) Some girls were in class. 8 boys were in class. There are 15 kids. How many girls were in class?

3.) Some cats were in the yard. 5 dogs were in the yard. There are 17 animals in all. How many cats were in the yard?

Directions: Write the missing addend for each number sentence.

$\square + 6 = 9$	$6 + \square = 10$
$4 + \square = 8$	$\square + 5 = 10$
$\square + 7 = 12$	$8 + \square = 12$
$8 + \square = 11$	$\square + 3 = 9$
$\square + 7 = 10$	$5 + \square = 8$
$3 + \square = 12$	$\square + 6 = 8$

Famous Chocolate Maker

Introduction:

- When was Milton Shaveley Hershey born?

- What state was he born in?

- Can you find it on a map?

- Why didn't Milton finish school?

- What jobs do you have to do at home? _____

Early Life

- When did Milton work as an apprentice to a Candy maker?

- Someone who learns a trade or Craft by working with a skilled person is called an _____.
- When Milton was 28, he opened up his first _____.
- He sold it in 1882 and moved to _____.
- If you had a Candy shop, what would you sell in it? _____

Life's Work

- Milton's dream came true!!
- He was making chocolate by _____.
- Whom did Milton get married to in 1898?
_____.
- What was invented in 1900? _____
- What is your favorite Candy bar and why?

Thomaston Savings Bank

You Get More *When You're Next Door*™

Gold Rush

2-4 Players or Teams

Materials Needed:

Spinner Arrow or Paper Clip and a Pencil, Chips or Game pieces, and Coins.

Directions:

- 1) Player 1 spins and moves the number of spaces indicated on the spinner.
- 2) Player 1 reads what the space says. If it says penny, nickel, dime, or quarter, use that coin and the number they spin to make their score. For example, if player 1 spun a 2 and landed on "Nickel", the score will be 10 cents.
- 3) All other players will repeat steps 1 - 2, adding scores as they travel around the board.
- 4) The game ends once all players have made it to the gold in the center of the board.
- 5) The player with the highest score wins.

Tip:

- 1) Students use paper and pencil to add or subtract their money amounts.
- 2) Students use plastic coins to keep tracking of their total. Students can exchange "smaller" coins for "bigger" coins.

Later Years

- What did Milton build near where he was born in 1903?

- He built his workers homes too. A _____ formed with schools, stores, and a zoo.
- In 1905, the town was named _____.
- A _____ is a building where products are made in large numbers.
- What would you name your town?

Contributions

- Milton Cared about people and gave a lot of his money to what?

- An organization that raises money to help people in need is called a _____.
- When did Milton die?

- _____ means to travel to different places for sightseeing.
- Millions of people _____ his factory and _____ his town.
- His chocolate is still loved around the world.

Brainstorm what your Superhero identity would be. Use the next page to showcase your superpowers and costume!

Narrator 3 Using the lid like a cookie cutter, Hanson cut the center from each blob of dough.

Ship's Cook Gregory! What kind of fool thing have you gone and done?!

Hanson Gregory Without the center to soak up the grease, these rings should cook evenly.

Sailor 1 I never saw a sinker with a hole in the middle.

Sailor 2 Smells good, though. I'm giving one a taste!

Narrator 4 The watch had just ended and the galley filled with sailors.

Ship's Cook Sorry, men. Hanson got it into his head to change up the sinkers this morning.

Hanson Gregory Just give them a taste! Tell me what you think.

Sailor 1 and
Sailor 2 (together) Aaaaahhhhhhhhhhh! These cakes are delightful!

Narrator 1 The cakes were brown,

Narrator 2 and sweet,

Narrator 3 and fully cooked.

Narrator 4 A new breakfast tradition was born!

Hanson Gregory Wait until I tell my mom about this!

Narrator 3 Then he formed balls of sweetened dough.

Narrator 4 Hanson laid the cakes out in rows on the dining room table.

Sailor 1 The lard, made from animal fat, is getting hot and bubbly.

Sailor 2 My stomach is starting to grow!

Ship's Cook Gregory, drop the first batch!

Hanson Gregory Coming right up!

Narrator 1 Hanson dropped the cakes into the bubbling lard.

Narrator 2 An iron railing kept the pot from sliding off the stove as the ship bucked and plunged through the sea.

Narrator 3 The delicious smell of browning sugar filled the galley.

Narrator 4 Hanson spooned the first cooked batch onto a platter.

Sailor 1 They look sweet and crispy, at least around the edges.

Sailor 2 Too bad the centers are still raw dough full of grease.

Narrator 1 As Hanson shaped another batch, he was struck by an idea.

Hanson Gregory Hey, I know how to fix these sinkers!

Narrator 2 He took the large metal lid off the pepper can.

My SUPERHERO IDENTITY

TOP SECRET

My superhero name is:

My special powers are:

Why I became a superhero and how I got my powers:

My costume looks like:

Thomaston Lanes

You and your family decided to take a fun trip to Thomaston Lanes! During your first chance, you knocked 3 pins down. You knock the same amount of pins down on your second chance. Write and solve a doubles equation to represent the problem.

_____ + _____ = _____

Make a picture to represent the equation:

The Hole Story of the Doughnut A true story by Pat Miller

Characters: 16 year-old Hanson Gregory ship's cook
 sailor 1 sailor 2
 narrator 1 narrator 2
 narrator 3 narrator 4

Narrator 1 In 1844, Hanson Gregory was just 13 when he went to sea.

Narrator 2 He left the family farm and became a cabin boy on a schooner.

Narrator 3 He quickly rose to cook's assistant and was put to work high in the rigging to work the sails.

Narrator 4 He did this for several years, until the fateful morning of June 22, 1847.

Ship's Cook Look lively, Gregory. The men will be hungry when they come off the watch.

Hanson Gregory I'm ready. I've already got the coffee on the stove and am starting to make the sinkers.

Sailor 1 Sinkers is what we call the heavy, oil-soaked pastry we have for breakfast most mornings.

Sailor 2 Those greasy things drop in the stomach like cannon balls!

Ship's Cook That fire's not hot enough. Hand me more wood to toss into the stove.

Narrator 1 The pans in the galley (what they call the kitchen on a ship) clanged together as the ship rode the waves.

Narrator 2 Hanson mixed the ingredients together in a large bowl.

Reader's Theater offers an entertaining and engaging means of improving fluency and enhancing comprehension. The Reader's Theater Script is based on the history of the doughnut.

There are multiple character parts that you can choose from. You can read for one character or read for many characters. Have fun with acting out the scenes or reading with an accent.

Put your own personal flair to the words on the paper. Make the story come to life. Enjoy!

Name _____

DOUBLES
Sums within 20

Write the sum to each doubles fact.

$9 + 9 = \underline{\quad}$ $7 + 7 = \underline{\quad}$

$6 + 6 = \underline{\quad}$ $9 + 9 = \underline{\quad}$

$8 + 8 = \underline{\quad}$ $8 + 8 = \underline{\quad}$

$10 + 10 = \underline{\quad}$ $6 + 6 = \underline{\quad}$

$7 + 7 = \underline{\quad}$ $10 + 10 = \underline{\quad}$

Draw a picture to show a doubles fact from above and write the equation to match your work.

$\underline{\quad} + \underline{\quad} = \underline{\quad}$

Solve It:

There are 9 boxes of donuts leftover from a party.
There are two donuts in each box. Draw a picture to represent the problem and skip count by 2's to find the answer. How many donuts are there altogether?
