Soaring into Success Summer Passport

Entering 4th Grade

This passport belongs to:

Entering ____ Grade

Date of Issue: 14 JUN 2023

Date of Expiration: 29 AUG 2023

Thomaston Summer Passport

Welcome to the Thomaston Summer Passport! Your math and reading adventures around town await!

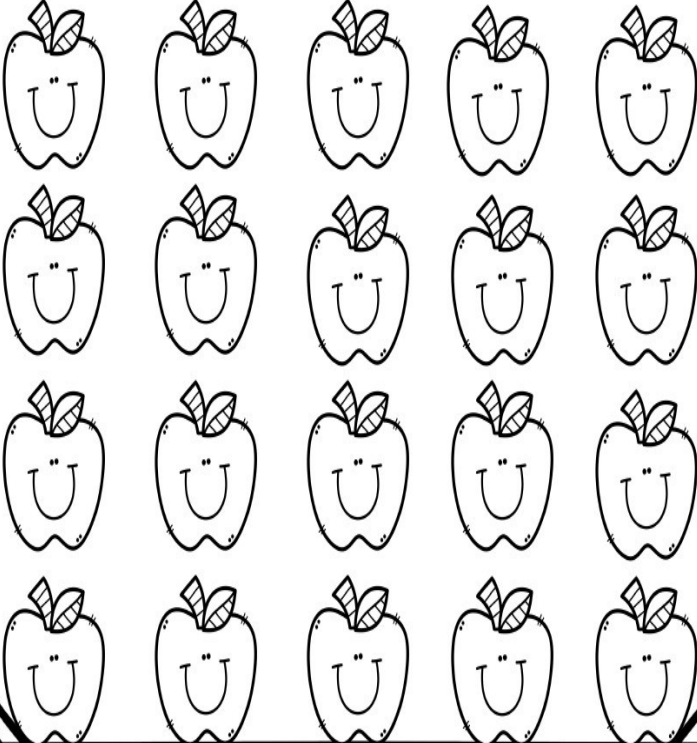

1. Work together with an adult, peer, independently to solve the problems and complete the tasks.
2. Record your thinking and solution in the space provided in this Passport.
3. If you are able to visit the passport location, you will receive a stamp for completing your work. You will also be able to see and read the book for that location.

Students who complete the entire Passport will receive special recognition!

Name: _____

AUGUST READING LOG

Directions: Color in 1 picture for every night you read!

A 4x5 grid of 20 identical line drawings of apples with smiling faces and two leaves on the stem. The grid is enclosed in a decorative border with small circles in the corners.

THOMASTON PUBLIC LIBRARY

Visit the Thomaston Public Library for more fun summer activities. Don't forget to complete your reading logs!

Name: _____

JULY READING LOG

Direction: Color in 1 picture for every night you read!

Thank you to the participating locations:

Mona Lisa Ristorante

Thomaston Lanes

THOMASTON PUBLIC LIBRARY

To thank the Thomaston Police Department, you want to build them a rectangular garden out back to make their space beautiful. To build the garden, you can use 4 foot, 6 foot, or 8 foot boards. Choose which boards you will use to design a frame to go around the garden. You will need to use a nail every two inches to attach a fence to the frame. How many nails should you buy? Draw a picture to justify your answer. Make sure you have the dimensions of the garden labeled.

There are 9 rows of cupcakes in Cutie Pie's display. There are 20 cupcakes in each row. How many cupcakes are there in the display?

Use the QR Code below for more activities to get you ready for 4th grade!

You Get More *When You're Next Door*™

Gold Rush

2-4 Players or Teams

Materials Needed:

Spinner Arrow or Paper Clip and a Pencil, Chips or Game pieces, and Coins.

Directions:

- 1) Player 1 spins and moves the number of spaces indicated on the spinner.
- 2) Player 1 reads what the space says. If it says penny, nickel, dime, or quarter, use that coin and the number they spin to make their score. For example, if player 1 spun a 2 and landed on "Nickel", the score will be 10 cents.
- 3) All other players will repeat steps 1 - 2, adding scores as they travel around the board.
- 4) The game ends once all players have made it to the gold in the center of the board.
- 5) The player with the highest score wins.

Tip:

- 1) Students use paper and pencil to add or subtract their money amounts.
- 2) Students use plastic coins to keep tracking of their total. Students can exchange "smaller" coins for "bigger" coins.

Later Years

- What did Milton build near where he was born in 1903?

- He built his workers homes too. A _____ formed with schools, stores, and a zoo.
- In 1905, the town was named _____.
- A _____ is a building where products are made in large numbers.
- What would you name your town?

Contributions

- Milton Cared about people and gave a lot of his money to what?

- An organization that raises money to help people in need is called a _____.
- When did Milton die?

- _____ means to travel to different places for sightseeing.
- Millions of people _____ his factory and _____ his town.
- His chocolate is still loved around the world.

Adam's has a block of parmesan cheese that weighs 375 grams and another block of cheddar cheese that weighs 432 grams. How many grams of cheese does Adam's have? How much more cheddar cheese than parmesan cheese do they have?

Estimating Mass

- A paper clip has a mass of 1 gram.
- A bottle of water has a mass of 1 kilogram.

Look at the objects listed below. Circle the objects you would measure in grams. Draw a line under the objects you would measure in kilograms.

car textbook balloon horse pencil
 spoon sock skateboard piece of paper couch

Draw a line to match the object with its estimated mass.

| | |
|----------------|------------------|
| Slice of bread | 16,000 kilograms |
| Kitten | 181 kilograms |
| Fire truck | 5 grams |
| Refrigerator | 25 grams |
| Leaf | 4 kilograms |
| Mirror | 100 grams |
| Bed | 400 grams |
| Boot | 22 kilograms |

- 1 When might you need to estimate the mass of an object?
- 2 How does knowing the mass of a paper clip and a bottle of water help you estimate?

Understanding of Comparing Fractions

Write the fractions for the shaded parts in problems 1–2. Circle the fraction that is *greater*.

Fractions: _____

Fractions: _____

Write the fractions for the shaded parts in problems 3–4. Circle the fraction that is *less*.

Fractions: _____

Fractions: _____

5 Label the fractions $\frac{2}{4}$ and $\frac{2}{6}$ on the number lines. Then circle the fraction that is *greater*.

6 Label the fractions $\frac{1}{8}$ and $\frac{1}{2}$ on the number lines. Then circle the fraction that is *less*.

Brainstorm what your Superhero identity would be. Use the next page to showcase your superpowers and costume!

Narrator 3 Using the lid like a cookie cutter, Hanson cut the center from each blob of dough.

Ship's Cook Gregory! What kind of fool thing have you gone and done?!

Hanson Gregory Without the center to soak up the grease, these rings should cook evenly.

Sailor 1 I never saw a sinker with a hole in the middle.

Sailor 2 Smells good, though. I'm giving one a taste!

Narrator 4 The watch had just ended and the galley filled with sailors.

Ship's Cook Sorry, men. Hanson got it into his head to change up the sinkers this morning.

Hanson Gregory Just give them a taste! Tell me what you think.

Sailor 1 and
Sailor 2 (together) Aaaaahhhhhhhhhhh! These cakes are delightful!

Narrator 1 The cakes were brown,

Narrator 2 and sweet,

Narrator 3 and fully cooked.

Narrator 4 A new breakfast tradition was born!

Hanson Gregory Wait until I tell my mom about this!

Narrator 3 Then he formed balls of sweetened dough.

Narrator 4 Hanson laid the cakes out in rows on the dining room table.

Sailor 1 The lard, made from animal fat, is getting hot and bubbly.

Sailor 2 My stomach is starting to growl!

Ship's Cook Gregory, drop the first batch!

Hanson Gregory Coming right up!

Narrator 1 Hanson dropped the cakes into the bubbling lard.

Narrator 2 An iron railing kept the pot from sliding off the stove as the ship bucked and plunged through the sea.

Narrator 3 The delicious smell of browning sugar filled the galley.

Narrator 4 Hanson spooned the first cooked batch onto a platter.

Sailor 1 They look sweet and crispy, at least around the edges.

Sailor 2 Too bad the centers are still raw dough full of grease.

Narrator 1 As Hanson shaped another batch, he was struck by an idea.

Hanson Gregory Hey, I know how to fix these sinkers!

Narrator 2 He took the large metal lid off the pepper can.

Reader's Theater offers an entertaining and engaging means of improving fluency and enhancing comprehension. The Reader's Theater Script is based on the history of the doughnut.

There are multiple character parts that you can choose from. You can read for one character or read for many characters.

Have fun with acting out the scenes or reading with an accent.

Put your own personal flair to the words on the paper. Make the story come to life. Enjoy!

Finding the Start Time in Word Problems

Read and solve the problems. Include *AM* or *PM* in your answers. Show your work.

- 1 Caleb finishes breakfast at 7:15 *AM*. Tell what time he started breakfast if it took the given number of minutes.
 - a. 10 minutes _____
 - b. 15 minutes _____
 - c. 20 minutes _____
 - d. 25 minutes _____
 - e. 26 minutes _____
- 2 Melanie finishes washing the dishes at 6:20 *PM*. Tell what time she started washing dishes if it took the given number of minutes.
 - a. 5 minutes _____
 - b. 10 minutes _____
 - c. 15 minutes _____
 - d. 20 minutes _____
 - e. 25 minutes _____
- 3 Lilly gets to school at 8:05 *AM*. It takes her 12 minutes to walk to school from her house. At what time did she leave home?

- 4 Ryan gets off the bus at 4:09 *PM*. He rides the bus for 17 minutes to get home from school. At what time does Ryan get on the bus?

- 5 Nicole finishes walking at 5:15 *PM*. She walked away from her house for 17 minutes, and then she walked back home, which also took 17 minutes. At what time did Nicole leave her house to start walking?

- 6 Mr. Andrew wants to serve pizza at 1:10 *PM*. He has to make the pizza, which takes 15 minutes, and then bake the pizza for 25 minutes. At what time should he start preparing the pizza?

- 7 Check your answer to one of the problems by using another strategy. Show your work.
