Soaring into Success Summer Passport

Entering 5th Grade

This passport belongs to:

Entering ____ Grade

Date of Issue: 14 JUN 2023

Date of Expiration: 29 AUG 2023

Thomaston Summer Passport

Welcome to the Thomaston Summer Passport! Your math and reading adventures around town await!

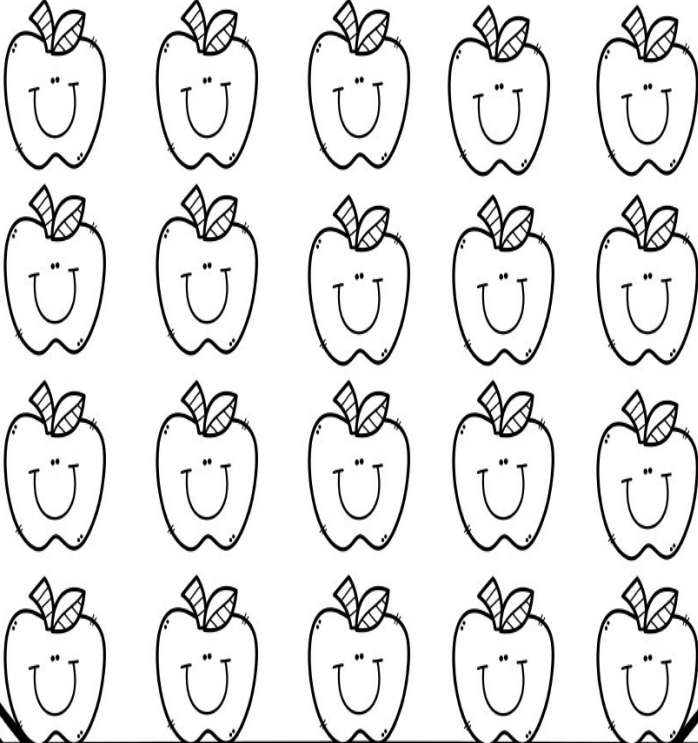

1. Work together with an adult, peer, independently to solve the problems and complete the tasks.
2. Record your thinking and solution in the space provided in this Passport.
3. If you are able to visit the passport location, you will receive a stamp for completing your work. You will also be able to see and read the book for that location.

Students who complete the entire Passport will receive special recognition!

Name: _____

AUGUST READING LOG

Directions: Color in 1 picture for every night you read!

A 4x5 grid of 20 identical line drawings of apples with smiling faces and two leaves on top. The grid is enclosed in a decorative border with small circles in the corners.

THOMASTON PUBLIC LIBRARY

Visit the Thomaston Public Library for more fun summer activities. Don't forget to complete your reading logs!

Name: _____

JULY READING LOG

Direction: Color in 1 picture for every night you read!

Thank you to the participating locations:

REAL
PIGEONS

ANDREW MCDONALD

BEN WOOD

DESIGNED BY:

- 1 Luis buys $1\frac{1}{2}$ pounds of ham, $\frac{1}{2}$ of a pound of turkey, and 10 ounces of pastrami at the deli. How many ounces of meat does he buy in all?
- 2 Roxi has 8 identical books. The 8 books have a total mass of 2 kilograms. What is the mass of one book, in grams?

_____ ounces

_____ grams

- 3 Chef Antoine puts 6 ounces of turkey on each plate for dinner. He makes 12 pounds of turkey in all. How many plates of turkey can he serve?
- 4 Daisy has a box of sea glass that has a mass of $1\frac{1}{2}$ kilograms. The box has a mass of 235 grams when it is empty. What is the mass of the sea glass, in grams?

_____ plates

_____ grams

Famous Chocolate Maker

Introduction:

- When was Milton Shaveley Hershey born?

- What state was he born in?

- Can you find it on a map?

- Why didn't Milton finish school?

- What jobs do you have to do at home? _____

Early Life

- When did Milton work as an apprentice to a Candy maker?

- Someone who learns a trade or Craft by working with a skilled person is called an _____.
- When Milton was 28, he opened up his first _____.
- He sold it in 1882 and moved to _____.
- If you had a Candy shop, what would you sell in it? _____

Life's Work

- Milton's dream came true!!
- He was making chocolate by _____.
- Whom did Milton get married to in 1898?
_____.
- What was invented in 1900? _____
- What is your favorite Candy bar and why?

You Get More When You're Next DoorSM

Directions:

- 1) Player 1 spins and moves the number of spaces indicated on the spinner.
- 2) Player 1 reads what the space says. If it says penny, nickel, dime, or quarter, use that coin and the number they spin to make their score. For example, if player 1 spun a 2 and landed on "Nickel", the score will be 10 cents.
- 3) All other players will repeat steps 1 - 2, adding scores as they travel around the board.
- 4) The game ends once all players have made it to the gold in the center of the board.
- 5) The player with the highest score wins.

Tip:

- 1) Students use paper and pencil to add or subtract their money amounts.
- 2) Students use plastic coins to keep tracking of their total. Students can exchange "smaller" coins for "bigger" coins.

Gold Rush

2-4 Players or Teams

Materials Needed:

Spinner Arrow or Paper Clip and a Pencil, Chips or Game pieces, and Coins.

Later Years

- What did Milton build near where he was born in 1903?

- He built his workers homes too. A _____ formed with schools, stores, and a zoo.
- In 1905, the town was named _____.
- A _____ is a building where products are made in large numbers.
- What would you name your town?

Contributions

- Milton Cared about people and gave a lot of his money to what?

- An organization that raises money to help people in need is called a _____.
- When did Milton die?

- _____ means to travel to different places for sightseeing.
- Millions of people _____ his factory and _____ his town.
- His chocolate is still loved around the world.

Brainstorm what your Superhero identity would be. Use the next page to showcase your superpowers and costume!

Narrator 3 Using the lid like a cookie cutter, Hanson cut the center from each blob of dough.

Ship's Cook Gregory! What kind of fool thing have you gone and done?!

Hanson Gregory Without the center to soak up the grease, these rings should cook evenly.

Sailor 1 I never saw a sinker with a hole in the middle.

Sailor 2 Smells good, though. I'm giving one a taste!

Narrator 4 The watch had just ended and the galley filled with sailors.

Ship's Cook Sorry, men. Hanson got it into his head to change up the sinkers this morning.

Hanson Gregory Just give them a taste! Tell me what you think.

Sailor 1 and
Sailor 2 (together) Aaaaahhhhhhhhhhh! These cakes are delightful!

Narrator 1 The cakes were brown,

Narrator 2 and sweet,

Narrator 3 and fully cooked.

Narrator 4 A new breakfast tradition was born!

Hanson Gregory Wait until I tell my mom about this!

Narrator 3 Then he formed balls of sweetened dough.

Narrator 4 Hanson laid the cakes out in rows on the dining room table.

Sailor 1 The lard, made from animal fat, is getting hot and bubbly.

Sailor 2 My stomach is starting to growl!

Ship's Cook Gregory, drop the first batch!

Hanson Gregory Coming right up!

Narrator 1 Hanson dropped the cakes into the bubbling lard.

Narrator 2 An iron railing kept the pot from sliding off the stove as the ship bucked and plunged through the sea.

Narrator 3 The delicious smell of browning sugar filled the galley.

Narrator 4 Hanson spooned the first cooked batch onto a platter.

Sailor 1 They look sweet and crispy, at least around the edges.

Sailor 2 Too bad the centers are still raw dough full of grease.

Narrator 1 As Hanson shaped another batch, he was struck by an idea.

Hanson Gregory Hey, I know how to fix these sinkers!

Narrator 2 He took the large metal lid off the pepper can.

You have \$40 to go bowling with your friend. If it costs \$3.00 for each pair of bowling shoes and \$4.50 for each game, How many games can you and your friend play? Show your thinking.

The Hole Story of the Doughnut

A true story by Pat Miller

Characters: 16 year-old Hanson Gregory ship's cook
 sailor 1 sailor 2
 narrator 1 narrator 2
 narrator 3 narrator 4

Narrator 1	In 1844, Hanson Gregory was just 13 when he went to sea.
Narrator 2	He left the family farm and became a cabin boy on a schooner.
Narrator 3	He quickly rose to cook's assistant and was put to work high in the rigging to work the sails.
Narrator 4	He did this for several years, until the fateful morning of June 22, 1847.
Ship's Cook	Look lively, Gregory. The men will be hungry when they come off the watch.
Hanson Gregory	I'm ready. I've already got the coffee on the stove and am starting to make the sinkers.
Sailor 1	Sinkers is what we call the heavy, oil-soaked pastry we have for breakfast most mornings.
Sailor 2	Those greasy things drop in the stomach like cannon balls!
Ship's Cook	That fire's not hot enough. Hand me more wood to toss into the stove.
Narrator 1	The pans in the galley (what they call the kitchen on a ship) clanged together as the ship rode the waves.
Narrator 2	Hanson mixed the ingredients together in a large bowl.

Reader's Theater offers an entertaining and engaging means of improving fluency and enhancing comprehension. The Reader's Theater Script is based on the history of the doughnut. There are multiple character parts that you can choose from. You can read for one character or read for many characters. Have fun with acting out the scenes or reading with an accent. Put your own personal flair to the words on the paper. Make the story come to life. Enjoy!

1 Rob buys 2 sandwiches for \$2.50 each and a bottle of water for \$1.25. He pays with a \$10 bill. How much does Rob receive in change?

\$ _____

2 Michelle buys $2\frac{1}{2}$ yards of fabric and 3 rolls of ribbon. The fabric costs \$7.00 per yard, and each roll of ribbon costs \$2.50. How much money does Michelle spend?

\$ _____

3 Juan has \$81. He divides this amount evenly into two funds: *Save* and *Spend*. He spends \$15 on a movie. How much money does Juan have left in his *Spend* fund?

\$ _____

4 Rachel earns \$7.50 per hour babysitting. She babysits for 4 hours. She spends \$12 of her earnings on a T-shirt. How much money does Rachel have left?

\$ _____
